

Titusville is Ready for Business

Speed Matters – We Move at the Pace of Business

When you're ready to grow, you shouldn't have to wait. Titusville is built to help projects move forward, not get stuck in process.

- Shovel-ready sites available now
- Fast-track permitting to keep your timeline on track
- Business-friendly leadership committed to saying yes
- Clear points of contact — no red tape, real partners

Workforce-Ready — The People Behind Your Success

Our labor market is trained, skilled, and aligned with the industries driving this region. You'll find the people you need to make your plans happen.

- 290,000+ workers in the metro labor force
- Industry-aligned programs at Eastern Florida State College and local technical schools

- Apprenticeship and skills development programs built for aerospace, defense, manufacturing, and logistics

Proven Business Environment — Built for Results

Titusville doesn't just offer opportunity — we back it with a business climate designed to deliver.

Florida consistently ranked among the top states for doing business.

- Competitive tax structure and incentive programs
- Online permitting portal to speed up development approvals
- Local leadership committed to responsive service and clear communication

If you're ready to build, Titusville is ready to work with you. Let's move your project forward — together.

STRATEGIC LOCATION — POSITIONED FOR GROWTH

Right where your business needs to be: one bridge away from America's launchpads and directly connected to key markets.

- Immediate access to I-95, Florida East Coast Railway, and Space Coast Regional Airport
- Close to Port Canaveral for global logistics and shipping
- Located in Florida's high-growth aerospace and manufacturing corridor
- Proximity to Kennedy Space Center and Cape Canaveral
